

From the Hillside

Scott has many duties here at WIM, but he still loves to be able to do radio engineering whenever he can!

Prayer & Praise:

- *Pray for a permanent, missionary supported business manager for WIM.*
- *Pray that we would see God's increase to our monthly support need.*
- *Prayer for a healthy and safe pregnancy and delivery.*
- *Praise that Scott is responding well to the blood pressure medication and is no longer having headaches.*

Greetings to all our Friends and Family!

Merry Christmas to you and your family! A hearty Happy New Year as well! I always look forward to this time of year as we get to hear from so many more of you and read what has been transpiring in your family's lives, Thank you for sharing through the cards and letters. We hope this newsletter from our family will help keep you up to date on what is been going on here. It has been a long year, quite full and lacking in time for rest, but such a great honor to serve our Lord on the front lines of ministry in such times as these!

In order for us to be able to keep up the work here we are in need of about \$1200/month in financial support. Would you please consider and pray about taking a portion of that amount as a monthly donation to The Lord.

KCAM & JOY MEDIA MINISTRIES

The month of October kicked off with Scott finishing a 2 week work trip up to KCAM in Glennallen AK. The station there asked him to come up and assist in several areas of engineering alongside of Rod Thannum from KTIS in Minneapolis. Rod is one of Scott's mentors in Radio

Engineering and a longtime friend. It was a good time of getting back to just geek stuff and a great blessing to be there on Independence Day for KCAM – Joy Media Ministries officially launched with the signing over of the radio station. There is much work for the new organization as they ramp up and learn to fly, so please remember them in your prayers.

First Snowman of the Year

Packing boxes for Operation Christmas Child

2015 Ministry Recap:

January – Stiefels here to help in the office and bookstore for a couple months

March – Cook family arrives to join the radio team

April – FM transmitter installed with John Sims help

May – Scott & Greg travel to Petersburg to bring back equipment

June – Lewis family moves to AZ to work with UIM

International. Joe Cook takes over as radio manager, Greg continues to help with remote broadcasting and Tuba City.

August – school starts

September – Uniskript, Scott and Matthew to AK to help at KCAM

October – Henry family arrives to join community outreach team

November – Scott installs a new automation software for the AM station. WIM starts using Albuquerque Accounting firm. Is that light at the end of the Tunnel for Scott???

Family News

Matthew started 7th grade and will be celebrating his 13th birthday at the beginning of January. Where has the time gone! He enjoyed being old enough to go with Scott on his recent trip to Alaska. **Lydia** recently turned 11 and is in 5th grade. She is excited to be too old for children's church. **Kara** is now 9 years old and in 4th grade. She joined Matthew and Lydia in attending camp at Broken Arrow Bible Ranch this past summer. **Caleb**, 7, is now a 2nd grader and has a very inquisitive mind. **Ben** is still a bundle of energy, keeping everyone on their toes. He is eagerly awaiting his 5th birthday at the end of January. **Gabe** will turn 2 just before Christmas and is growing by leaps and bounds. He loves to climb, can reach the doorknobs, and thinks he should be able to do anything his older siblings do. **Sarabeth** had a great start to the garden this year, but left the fall harvest to the kids while she dealt with a bad case of morning sickness. Feeling much better now, she and the rest of the family are looking forward to number seven who is due at the end of April. It's been a relatively headache-free year since **Scott's** trip to the ER last year when we discovered his high blood pressure. Now if we can just get his allergies under control.

15 Passenger Van

We are outgrowing our Suburban. As of the end of April we will need more than 8 seats for our family. (It would also be nice to have room for visiting friends and family.) One of our Churches in Colorado Springs has found a 15 passenger van for us that they are willing to put some money into purchasing and making minor repairs to if we could get others to donate to help out with the costs which will amount to around \$7000. They have set up a donation page at Sabremissions.org and we are asking everyone to make an extra donation to help cover this vehicle for our family. Click through to the donations page and select 'Donate Now'. Toward the bottom of the page is a section called programs. Click on the options and you'll see "Van for Scott and Sarabeth Hill." That will designate funds to the van. You can also send a check to Sabre Missions at P. O. Box 9354, Colorado Springs, CO 80932-0354. Just put "Van" on the memo line of the check, but not our name.

We're up to \$2,500 We need about \$4,000 more
