Greetings to all our Friends and Family!

After needing to be induced with all six of our other kids we figured we knew how this whole birth thing worked; at least for our family. Well, God had a surprise in store for us and Sarabeth's water broke on its own this time – 10 days early! It was a new experience for us getting to rush off to the hospital in the middle of the night. We had not gotten any of the baby stuff out of the shed, much less packed a bag for the hospital. God blessed us with great neighbors to watch the kids while we were at the hospital and great church and mission families who helped out by providing meals until Sarabeth's mom arrived to help.

THANK YOU! THANK YOU! THANK YOU!

Our new Van arrived; what a true blessing to have the needed room for our family ...THANK YOU! We are still needing about \$2300 to replace the funds that they used for the repairs from the Mexico short term funding that is also in this ministry account. If you haven't yet prayed about donating a little extra or you just forgot and wanted to help our church in

Colorado Springs that helped us get the new Van, please take some time now. THANK YOU FOR PRAYING about this and as the Lord leads you can make a donation online at <http://van.scottandsarabeth.com> and selecting the 'program' – "Van for Scott and Sarabeth Hill", or you can mail a check to Sabre Missions, P. O. Box 9354, Colorado Springs, CO 80932-0354, and put in the Memo line 'Van', with no name included. This is a tax deductible donation.

North to Alaska Again -

Scott is blessed to once again be heading up to Glennallen to help out at KCAM; this time to install new audio consoles to replace the aged Klotz digital units that were installed in 2003. It is amazing to see how much technology improves in such a short time! We thought we had something back then that would last the rest of our lifetimes...we are sure glad that the Lord blessed us to outlast this equipment and see His plan worked out during our lifetimes. Please pray for a successful work trip, safety in travel, and for the rest of the family while Scott is gone.

A Day in the Life

Another day at the office...what has God prepared for me today?

Well, it could be several impromptu meetings, or entering utility bills, or digging through one of the stacks on my desk that grow daily by several layers. Maybe a call for maintenance to be done, or listening to the life stories of customers who come into the bookstore. I hope it's a problem with the radio station(s) so I get to do some engineering! But come what may and whichever hat God has me wear (accounting, business management, bookstore management, maintenance, peacemaker, radio announcing, engineering, janitor...) I know that God is in it and has already prepared what I will be doing (Ephesians 2:10)

Interested in a Visit?

We would still like to spend some time visiting with all of you during the next year to share what God is doing here. In order to do this we need to hear from you. We are looking for friends and supporters who will champion our ministry by introducing us to their church and others who would be interested in hearing about our ministry. Would you consider being one of our champions and helping us in this way? If you would like a packet of information to pass on to your church missions committee please call or write and we can send you one.
